**ADDITIONAL SOLICITATION CLAUSES**

**SECTION L PAST PERFORMANCE INFORMATION 15.305(A)(2)(II) OCT/1997 AND OTHER REQUIRED INFORMATION**

L-11 Offerors shall submit the following information for NAICS Code 332993, NSN: 1325-01-437-8275 as a part of their proposal:

**Information to be submitted:** Offerors shall provide Best Value information by addressing each factor/sub-factor in the format and sequence identified in the solicitation. The offerors must provide information in sufficient detail to allow the Government to make best value assessment of the offeror's Technical Ability, Past Performance and Price. The offeror shall also provide Best Value information for key subcontractors that he has identified. Best value data shall be submitted in an original and three hard copies OR an original in hard copy and three copies of the data on CD ROM. The following information is to be submitted:

Factor 1: Technical Ability:

Subfactor 1a: Skills, Processes and Procedures: The offeror shall provide information of their demonstrated ability and capability to assure process controls necessary to produce, test and inspect, and deliver a quality product in accordance with solicitation requirements (i.e., in accordance with all technical data requirements at the required production rates). The offeror shall provide, as a minimum, information that demonstrates their (and/or key subcontractor's) understanding of requirements; skills and personnel, equipment; processes and procedures; and experience related to the fabrication and testing of the shock absorber and process controls for metal working, i.e. stamping/forming fin blades; forging (bar stock); heat treating and surface treatment and application and critical assembly operations. The offeror shall also provide schedule indicating the integration of primary raw material deliveries, fabrication plans and procedures, and inspection and testing requirements to meet the solicitation delivery requirements. The offeror may provide evidence of related certifications, abilities, and/or capabilities that would demonstrate the technical expertise of the offeror.

Subfactor 1b: Quality System: The offeror must submit their General Quality Manual. The manual must demonstrate that the offeror's quality system meets the requirements of ISO 9001-2000 (only design/development exclusions permitted)(or 9002-1994). The offeror shall provide specific input/information describing how they will comply with the requirements of the Quality Assurance Provisions (QAP). The offeror shall also provide information relative to preventive action initiatives being implemented. Evidence of quality awards and/or quality certifications should be submitted for consideration.

Subfactor 1c: Testing and Inspection: The offeror shall address their

approach and their ability to meet and perform examinations and testing identified in the solicitation/technical data specifications, including, but not limited to, the First Article Test (FAT) and Lot Acceptance Test (LAT) requirements. The offeror shall provide information related to their equipment and techniques necessary to perform the tests and inspections, as well certifications and traceability of measurement standards for such equipment, where applicable.

Factor 2: Past Performance:

Subfactor 2a: On-Time Delivery: The offeror shall provide information regarding recent, relevant past performance in the areas of timeliness of deliveries. The offeror must provide information for deliveries made, deliveries scheduled to be made, and deliveries re-scheduled to be made during the period of recent past performance. Include all supporting information for verification purposes concerning all these covered deliveries, even though this supporting information may precede the period defined as recent above. The offeror should provide original contract schedule as well as actual deliveries. If there was a slippage, the offeror shall provide all pertinent information regarding the slippage. If the offeror accelerated deliveries or increased production rates to meet the customers' needs, the offeror should describe how their delivery/performance exceeded contract delivery requirements. For verification purposes, the offeror shall furnish a point of contact/name, phone number, contract number and dollar value of recent, relevant contracts. The offeror shall also provide a brief narrative explanation of how/why they believe their experience and past performance information is relevant.

Subfactor 2b: Quality and/or Quality Program Problems: The offeror shall provide information on their recent and relevant performance in the area of quality assurance, including quality assurance standards applied on recent, relevant contracts. The Government will evaluate all relevant quality issues that are discovered during the period of recent performance, regardless of when the actual delivery was made. The offeror will be required to submit data explaining corrective/preventive actions that have been taken to improve their process(es) and/or resolve their quality problems. The offeror shall disclose information about previous Request for Waivers (RFWs), Request for Deviations (RFDs), Quality Deficiency Reports (QDRs), First Article Test failures, Lot Acceptance Test failures, and/or other product quality or Quality Program related problems. The offeror's submission must be clear and concise when describing the deficiency and stating the corrective/preventive action, when it was implemented, and its effectiveness. The offeror shall also provide information regarding how well they worked with previous Government and technical representatives or other customers by providing a brief narrative about past experiences where their responsiveness, thoroughness and expertise were a significant factor in a problem's resolution. For verification purposes, the offeror shall furnish a point of contact/name, phone number, contract number and dollar value relative to the examples provided. The offeror shall also provide a brief narrative explanation of how/why they believe their experience and past performance information is relevant.

Note: For the purpose of submitting Past Performance information, offeror should also include key subcontractors that will perform major or critical aspects of the requirement, team members, partners and other entities that comprise the offer.

Factor 3: Price: The offeror shall submit a firm fixed price in Schedule B of the solicitation. Also, the offeror may submit a separate price for the evaluated option clause in Section I of the solicitation. If the offeror does not quote an option price, the lowest price offered/bid in the schedule for item 0001 shall be the price used for evaluation/award of any option quantities. All evaluation factors, (total basic and option prices), will be applied to determine total evaluated price.
